NO. 309.

TO COME ON SPECIAL

COMMERCE CLUB WILL TAKE IN RURAL LIFE CONFERENCE.

URGEMEMBERSTOATTEND

Much Interest Manifested by St. Joseph Business Men in Movement and Large Number Will Come

It is probable that a large number from St. Joseph will attend the Rural Community Life Conference to be held in Maryville on next Wednesday. The Commerce Club of that city is to take up the matter of chartering a special train to Maryville on that day. The following is from the St. Joseph News-Press:

The Commerce Club is considering a proposition to send a special train from St. Joseph to Maryville June 5, when the Rural Community Conference will be held there. A letter from President H. K. Taylor of the Northwest State Normal School, urging that St. Joseph be largely represented at the meeting has been received.

The program promises to be unusually interesting. In the evening Governor Hadley will be the principal speaker. Dr. Daniel Morton of St. Joseph, will be one of the speakers at the conference, which is to open at 9:30 a. m. His subject will be "Rural Hygiene." He will be followed by Dr. Vilas Martin of the faculty of the Normal. Doctor Martin also will lead in a discussion of Doctor Morton's address.

Other features in connection with the conference meeting will be addresses on the following subjects: "Rural Social Centers," "The Country Home and Its Surroundings," "Rural School Consolidation," "Our Good Black Dirt and What to Do With It," "Good Roads in Northwest Missouri and How to Make Them." In case a delegation goes from St. Joseph it is probable that other St. Joseph speakers will figure on the program. C. D. Morris of St. Joseph, is to talk on good roads.

The present intention is to run a special train to Maryville in the morning and return after Governor Hadley's address at night. The question will be taken up by the club.

"I believe St. Joseph should be well represented at this meeting," said a member of the Commerce Club. "It seems to me that the conference is going to be one of the most important of its kind held in this part of the state. The Commerce Club is now interested in sociological work, and particularly from the rural standpoint, and I believe the club as a whole should do everything in its power to help make the conference a success. I am confident that enough persons to warrant the chartering of a special train will be willing to go from here."

TEACHERS EXAMINATION.

To Be Held in Business College on Friday and Saturday, June 7 and 8. County Superintendent Oakerson announced Wednesday that a teacher's examination would be held in Maryville business college on Friday and Saturday, June 7 and 8.

Order of the subjects will be as follows: Friday, June 7—Geography, language, algebra, spelling, grammar, arithmetic, literature, reading.

Saturday, June 8—Civil government, United States history, agriculture, advanced science, physiology, pedagogy, advanced history.

Kicked by a Horse.

Pearl Hall, the twelve-year-old son of Matt Hall, who lives near Graham, was kicked by a horse Sunday afternoon on the Charles Critchfield farm, near Parker, which is southeast of Graham. Young Hall was badly hurt, the horse kicking him in the breast. J. A. Kavanaugh of Graham took the little boy home in his machine.

Back From Iowa.

Prof. J. E. Cameron of the State Normal faculty returned Tuesday night from Iowa City, Iowa, where he went a week ago with Mrs. Cameron on a visit to her brother. Mrs. Cameron and little daughter will remain for a longer visit.

ANOTHER DIX BOY ARRESTED.

Alfred Dix Picked Up By Bert Mack Last Night for Being Drunk.

Another Dix boy was arrested Tuesday night by Bert Mack on a charge of being drunk. He is the fourth Dix boy that has been arrested, his other three brothers being in the penitentiary and the county jail here. John Dix his brother, was just recently taken to the penitentiary at Jefferson City, having broken his parole. He will serve two years there. Another brother, Elmer Dix, was taken to the penitentiary in February, being convicted of breaking into the depot at Burlington Junction. He was also sent for two years. The third brother Ira Dix, is now in the county jail for a six months term, being sent up in February.

The Dix Boys are from Burlington Junction, where their mother is living. There is another boy, Roland Dix, who it is said, is supporting his mother and is a good boy.

Alfred Dix was up before Mayor Robey Wednesday and was fined \$5 and costs, amounting in all to \$9.50. He paid \$9.10 and promised to send the 40 cents to Mayor Robey. Young Dix then left for his home at Burlington Junction.

A NEW INDUSTRY FOR STATE.

Growing Willows for Basket Making May Prove Highly Profitable.

In co-operation with the United States Forestry Service the Forestry Department of the Agricultural College has started an experiment to determine the species of basket willow best suited to the climate of Missouri. The state has a large area of land lying along its rivers which is subject to annual overflow and is, therefore, not suited for ordinary crops, but which would be admirably adapted to growing the basket willow.

An acre of suitable land will produce from 1,000 pounds to 1,300 pounds of willow whips each year. They have an average value of five to seven cents a pound. The demand for willow rods of high grade, for the manufacture of baskets and willow furniture is constantly increasing. At present the United States imports over 1,000,000 pounds annually. It is believed that there is a large future for the industry in Missouri.

After determining the proper species for the state, the Agricultural College will endeavor to foster the industry by the distribution of cuttings.

Given New Trial.

Because it was not alleged in the petition that Cyrus C. Armstrong's death did not result from injuries he received on a street car, the case brought by John A. Showen, his executor, must be tried again says the Kansas City court of appeals. Dr. Armstrong was a Stanberry minister and was attending a synod meeting at Kansas City at the time of the accident, October 16, 1907. He died August 25, 1909, and the suit he had against the Metropolitan at Kansas City, was revised by his administrator. The technical error, and the fact that the testimony of Armstrong at the first trial was read to the jury, instead of being given by the court stenographer from the shorthand notes, make a new trial necessary.

To Attend Funeral.

C. Cummins and his daughter, Mrs. T. W. Costello and Miss Nell Lynch, went to Ford City Wednesday where they will attend the funeral service of Miss Grace McKinney on Tuesday morning. Miss McKinney was a niece of Mr. Cummins. She was 17 years of age. Her death occurred Sunday night at a town in Michigan where she was attending school. She was a sister of Mrs. J. B. O'Malley, the daughter-in-law of Mrs. Mary O'Malley, formerly of Maryville, now of Albany.

Visited in Wilcox.

Mr. and Mrs. D. D. Cain of Los Angeles, Calif., spent Tuesday in Wilcox with Mr. Cain's mother, Mrs. M. C. Cain. They were on their return from a Railway Convention held in Buffalo, N. Y. and while in the east, they visited all the leading cities. Mr. Cain was sent as a delegate for the Southern Pacific railway, with headquarters at Los Angeles.

Bolin Has the Contract.

Frank Bolin has the contract for a modern improved residence that James C. Pistole of Hopkins will build at that place this summer.

On Visit to Parents.

Mrs. J. F. Hull and son, Ray and daughter, Katherine, went to Grant City Wednesday for a visit with her parents.

BIG STAR FEATURE

CHICAGO OPERATIC COMPANY A HEADLINER AT CHAUTAUQUA

TROUBADOURS TWO DAYS

Musical Features Are Especially Excellent and Will Include in Addition a Pipe Band and Quartet.

Although the local Chautauqua programs of former years have presented some excellent musical features, that part of the 1912 program of the Maryville Chautauqua to be held August 10 to 18, will surpass all past performances. In fact the entire program will be one of the strongest presented this year in the middle west. Probably the one bright star performance will be the programs of the Chicago Operatic company. This company's personnel is: Arthur Middleton, basso, who is the leading basso in the oratorio, concerto and grand opera throughout the country; Mr. John B. Miller, for the past five years one of the leading American tenors; Fredericka Downing, a young contralto of beautiful and charming personality, whose voice has been especially trained for operatic singing in some of our leading schools; Leonora Antoinette Allen has a very high and pure soprano voice which thrills the listener by reason of its sympathetic quality. Edgar A. Nelson, pianist has made a great name for himself in operatic and concert programs before chautauqua audiences. The company, as a whole, is without a doubt, the best of its kind in the United States. They will give 2 programs on August 12 and 13.

Another very excellent and unique feature will be Forbes' Juvenile Pipe Band. This is one of the greatest musical novelties on the chautauqua platform today. The boys comprising the band have been taught the art of Scotch bag-pipe playing by Mr. Donald Forbes until they have attained a state of perfection seldom equaled by juveniles of their age. This organization will be here on Saturday August 17.

On Wednesday and Thursday, August 14 and 15, the management will present Byron's Troubadours, a company of glee singers and instrumentalists. This feature has been very highly recommended to Manager P. O. Landon and they will doubtless come up to the standard.

No chautauqua program is complete without at least one good male quartet. Manager Landon has secured the Mendelssohn Quartet for the closing day, Sunday, August 18. These men are artists on stringed instruments as well as master vocalists.

Prof. Lawler's Concert Band will give programs at various times during the assembly. No comment is necessary concerning this organization as their excellent work has been a source of enjoyment to the people of the community.

The program has not been entirely completed as yet and it is probable that at least one more good feature will be added later.

Here From Oklahoma City.

Miss Helen Trueblood of Oklahoma City, Okla., arrived Wednesday noon to visit her grandparents, Mr. and Mrs. W. H. Trueblood and her uncle and aunt, Mr. and Mrs. S. G. Gillingham. Miss Trueblood was accompanied as far as Kansas City by Miss Stella Q. Smith of Maryville who is on her way home from school work in Oklahoma City. She stopped in Kansas City for a visit with relatives. Miss Trueblood is the daughter of Mr. and Mrs. Elmer Trueblood. Mr. Trueblood will come to Maryville about June 10 for his annual visit with home folks and to accompany his daughter home.

Moving to Warrensburg.

Mr. and Mrs. George Richardson and son and daughter, who have been residents of Maryville the past two years, left Wednesday morning for Warrensburg, Mo., to make their home there. Their daughter, Miss Tully Richardson, is a graduate of the Northwest Normal, and has been a successful teacher the past year.

Will Meet Brother From California.

Mrs. Harley Teaford went to Savannah Wednesday evening to visit her parents, Mr. and Mrs. N. F. Auble. Her brother, George Auble, who has been in California for two years, will come home for a visit while she is there.

Mr. and Mrs. Herman Lager of Clyde, announce the birth of a daughter, May 23rd.

GOV. WILSON GOT 24

NEW JERSEY EXECUTIVE WON HIS HOME STATE IN PRIMARY

TEDDY BEAT HIM 40 TO 1

One Town Where Taft Spoke Barred Him in Avalanche of Votes—Roosevelt Won Entire Delegation of 28.

Gov. Woodrow Wilson carried his home state, New Jersey, in the primary held there on Tuesday, and secured 24 of the 28 delegates to the Democratic national convention at Baltimore. Four of the delegates are uncommitted and are from the Essex district where a number of Wilson's enemies lived.

Theodore Roosevelt secured the entire delegation of 28 over President Taft. It was one of the most sweeping victories Roosevelt has won in the primaries since the campaign started. Roosevelt carried the state by 15,000 plurality. Taft was badly defeated in several of the districts, for example in one factory town where he spoke last week, Roosevelt beat him by a vote of 40 to 1.

The Wilson plurality was also close to 15,000. The last one of the primaries is to be held in South Dakota.

COMING FOR THE CONFERENCE.

The rooms were more than lovely in their decorations of white syringas, ferns and pink carnations. A color scheme of pink and white was also carried out in the dainty luncheon served. On the arrival of the guests they were served with punch by Mrs. R. N. Barber, assisted by Miss Hattie Barker. The guests were: Miss Houston, Mrs. E. F. Allen, Mrs. T. A. Corken, Mrs. R. D. Corken, Mrs. J. D. Caldwell, Mrs. Charles Walker, Mrs. J. C. Godbey, Miss Fern Sparger, Miss Anna Coran, Miss Mary Barber, Miss Mary Arvilla Staples, Miss Weltha Staples, Miss Bess Colwell, Miss Mabel Corken, Miss Dorothy Moore, Miss Bertha Boyer, Miss Anna Walker, Miss Hattie Barker. The out-of-town guests were Miss Nelle Wray of Maryville and Miss Neva Wallace of Clearmont. Progressive hearts were played before the "shower." Mrs. E. F. Allen making the highest score. The consolation prize went to Mrs. R. D. Corken.

Misses Jean and Joe Wilson and Miss Ruth Hall of Mound City, who attended the summer term of the State Normal last year, are here again for the summer school, the guests of Mr. and Mrs. G. A. VanSteenbergh, with whom they stayed last year.

Miss Tillie Schmauder of Burlington Junction was in Maryville Tuesday evening, returning home from a visit in Creston.

FIELD-LIPPMAN PIANO STORES

Field-Lippman service offers you a good Piano at \$175 and a good Player-Piano for \$365—both guaranteed for ten years. This is a complete Piano Store. We buy for nine houses and for cash, which enables us to offer the best instruments made at every price. Our large capital permits us to extend most liberal terms to all responsible people. Any one can buy a Piano or Player-Piano here. Come in today. Deprive your family no longer of that promised piano.

How About Your Children?

Are they enjoying the advantages you did?
Are they receiving music lessons?

Have they a Piano?

Are you—average man or average woman—ready to make the sacrifice for them that your mother and father did for you—will you let them go through life with their musical longings unsatisfied because of your carelessness?

You can earn their gratitude everlasting, and make your own life brighter and better—you can fill your home with sunshine, and add to all this the intense satisfaction of a duty performed.

It is not hard.
You are not obliged to beggar yourself.
Not necessary to mortgage your home.

A piano can be bought on terms so easy that you will hardly notice it—and that piano may develop a genius—for every age produces its great artists and masters, and who can tell from whence they will come?

It might be your girl or your boy.
Give your children their chance.
Again—there are a thousand other reasons why you should install a piano in your home.

There's the social side of it—all young people like to entertain their friends—you entertained yours at your father's home. Let your children have a piano to entertain theirs at your home—entertainment which is at once the source of innocent amusement and education. Can there be imagined a sweeter and prettier sight than a number of young people gathered about the piano, their fresh young voices mingling with the rich, colorful music of the accompaniment.

Does this picture appeal to you? Does it carry you back to your youthful days? Have you never had dreams that some day you too, would have a piano in your home? That your boy and girl would have advantages equal to any others?

We can make your dreams come true—we can bring about a realization of the picture. We can and will put a piano in your home no matter how small your income.

Only House That Guarantees Player-Pianos Ten Years

The superior durability of the Modern Player has been shown again and again. Since November 19, 1911, we have guaranteed our Players for ten years. No other house has met this guarantee. Is this not significant? Does it not prove our claims of better material and workmanship in the Players we sell?

The average dealer says nothing about a guarantee on Players. Or only mentions it in a general way. They all dodge the guarantee question for some reason.

Now, if they will not guarantee their Player-Pianos—if they lack the confidence to do it—where do you come in when you buy one of their instruments?

Don't take any chances. If there are any, let the dealer take them. We are dead willing to take all the chances on every Player-Piano we sell—on the one we sell you. Think it over. Compare what they offer with what we give.

Anybody can afford our terms—a small amount cash and a few dollars monthly. If you have an old Piano or Organ we will make you a liberal allowance for it. We send out Pianos or Player-Pianos on approval. Free stool, bench and scarf, twenty-five rolls of music free with each Player-Piano and a year's free membership in our big music roll library. Call today. You will enjoy your visit. So will we.

St. Louis Live Stock Market.

National Stock Yards, Ill., May 28—

Cattle receipts, 3,000. Tendency of the trade quite active today. Butcher stuff and good steers developed a 10c to 15c advance with yesterday or the close of last week. All other classes of cattle steady for the day and week. Prospects appear favorable enough to warrant shipping either this or the following week. Top steers today \$8.95.

Hog receipts, 8,500. There was no change in the market for good hogs, but the under-priced were weak to 5c lower. Top, \$7.75; bulk, \$7.50 to \$7.70.

If your hogs are ready, believe it would be a good idea to let them come.

Sheep receipts 3,500. For the good grades of stock, market was active and strong but weak on others. Buyers discriminating very strongly for grassy and half-fat kinds. Spring lambs topped at \$9.50, with bulk of the good kinds \$8.50 to \$9.50. Best clipped lambs \$8.75. Price range is very wide for other grades. Fat ewes brought \$5.40, with bulk of the good ones \$5.25 to \$5.35. Bucks \$4.00.

Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of Memorial Day requires the right kind of flowers, such flowers as we have in profusion, loose or in appropriate Memorial Designs, etc. Each year we offer a better quality of flowers and our Memorial Day flowers are no exception. Our prices are very reasonable. Mail and phone orders receive prompt attention.

STANDARD OIL NOT DISSOLVED?

Said to Have Ignored Supreme Courts' Decree in Missouri.

JUDICIAL INQUIRY IS BEGUN

Direct Outcome of Attempt to Control Waters-Pierce Co.—Still Holds Daily Meetings at 26 Broadway.

New York, May 29.—Whether the Standard Oil company has complied with the supreme court's decree of dissolution, or whether it has even made a sincere effort to do so probably will be revealed within the course of a week through a judicial inquiry now on here.

The inquiry is due directly to the efforts of John D. Rockefeller and the old Standard Oil crowd to retain control of the Waters-Pierce Oil company of Missouri. The United States supreme court's decree ordered that this concern should be completely segregated from the parent company.

Standard Proxies Refused.
At the annual election of directors of the Waters-Pierce company in St. Louis last February Robert W. Stewart of Chicago, president of the Standard Oil company, of Indiana; George W. Mayer of Kansas City, formerly manager of the Standard Oil company of Indiana, and Charles M. Adams, formerly secretary-treasurer of the Waters-Pierce company, appeared with proxies for 2,958 shares held by John D. Rockefeller and associate interests, but were not allowed to vote them by the tellers selected by H. Clay Pierce, president of the company.

The Rockefeller crowd obtained from the circuit court of Missouri a mandamus to compel the counting of the votes of the would-be Rockefeller directors.

Force Rockefeller to Tell.

In opposing this order of the Missouri court, Pierce and his associates resolved to test to the limit, the meaning and power of the supreme court's decision to dissolve the oil trust. The Missouri court appointed Abraham L. Jacobs special commissioner to take testimony in New York. It is before him that the hearing is on.

Samuel Untermyer, counsel for H. Clay Pierce, has subpoenaed all of the dominant factors in the Standard Oil company of New Jersey, the old holding company of the trust, to appear as witnesses. He will force John D. Rockefeller on the stand within a few days.

Daily meetings of the Standard Oil board are held at 26 Broadway, just as was done before the trust was ordered dissolved by the supreme court, according to Secretary White. With the exception of E. C. Bedford, the men are the same who met daily before the dissolution decree.

PROPOSE TO STOP PRIZE FIGHTS

Springfield Churchmen Hire Attorney to Help State Keep Lid on Alleged Boxing Matches.

Springfield, Mo., May 29.—As a result of the serious condition of Tommy Florida, a fighter, who sustained concussion of the brain in a boxing match staged by the Queen City Athletic club here several days ago, lay members of the Springfield churches have retained attorneys, who will aid the attorney general of the state in probing the athletic clubs of this city with a view of putting a stop to future alleged prize fights.

E. P. Mann of the law firm of Mann, Johnson & Todd, will represent the church organization and start proceedings at once which it is believed will result in the stopping of boxing matches in the state. Petitions sent Gov. Hadley ask that a ban be put on bouts. The next match scheduled here is a ten-round affair for Decoration day. The club management says to stop the match will mean placing a ban on the game over the entire state.

South Dakota Merchants Meet.

Watertown, S. D., May 29.—The city is full of retail merchants and hardware dealers from all over the state gathered here for the annual meeting of their association. Many questions of importance to the members will be discussed by good speakers at the sessions, which began today. In addition, the State Traveling Men's association and the U. T. C. are holding their annual conventions here and have arranged an elaborate list of entertainments and amusements.

Urge Special Session.

San Diego, Cal., May 29.—A special session of the California legislature to enact special statutes against sedition is being agitated here. Attorneys representing Industrial Workers failed to get from District Attorney Utley, a complaint against the chief of police, charging him with complicity in the alleged abduction of W. S. Rawlins.

Delegates to Oyster Bay.

Chicago, May 29.—Illinois delegates instructed for Roosevelt were invited to visit Oyster Bay next Saturday. The object of the meeting, the Roosevelt leaders said, was to discuss plans for concerted action by the Central states' delegates in advancing the candidacy of Col. Roosevelt.

REAR ADMIRAL CONE.

Rear Admiral Hutch I. Cone, under whose direction the government's wireless experiments and work are conducted, is chief of the bureau of steam engineering in the navy department.

ENGINE WENT THROUGH BRIDGE

ACCIDENT NEAR MANHATTAN RESULT OF CARELESSNESS.

Poor Construction and Disregard of State Law Caused Death of Farmer.

Manhattan, Kan., May 29.—Two things, both avoidable, contributed to the death of John Costello at Hunter's Island, near this city. A cheap, poorly constructed, uninspected bridge was the most important thing, and after that came Costello's violation of the state law—ignorantly or in bravado, no one knows which—in trying to take a heavy engine across the bridge without adding extra planking.

The bridge flooring gave way just as the engine had passed over it, and fell backward and landed, 25 feet below, with Costello underneath.

A half dozen men in Kansas have lost their lives exactly as Costello lost his, in the last year or two. "The chief fault, too," said W. S. Gearhart, state highway engineer at the Kansas agricultural college, "lay in the fact that the bridge had not been inspected."

"This bridge was built last year. It is a 100-foot steel span with a long wooden approach at the south end and three bents of wooden approach at the north end. Costello's engine was going south and its front wheels were out on the steel span about five feet when the wooden stringers under the approach sheared off and let the engine drop. The wreck was due to defective construction, but as the failure was due to the shearing of the stringers I believe it might have been avoided if the bridge had been planked or inspected properly."

LIGHTNING WAS FATAL TO TWO

Stock Buyer and Son Sought Shelter From Storm Under Tree at Chillicothe.

Chillicothe, Mo., May 29.—James Evans, a stock buyer of Kansas City, and George Cape, 13 years old, were killed instantly by lightning in the stock yards at Ludlow, south of Chillicothe. Evans and Cape, with the assistance of Frank Cape, father of the boy, and Howard Smith, were loading a car of cattle for the Kansas City market when the storm came up. Evans, Cape and his son sought shelter under a tree which was struck by lightning, killing the two instantly. The bolt struck the elder Cape on the right hip, paralyzing his right side, his right trouser leg was split from the hip down and his shoe was torn from his foot. When neighbors reached the tree the elder Cape was holding his son in his arms.

No Battle Ships This Year.

Washington, May 29.—By a vote of 80 to 125, the house voted down the amendment of Representative Roberts of Massachusetts, appropriating \$5,000,000 in naval bill for two battle ships next year. An amendment by Bartholdt of Missouri for one battle ship was likewise defeated.

Fort Smith Boy Drowned.

Fort Smith, Ark., May 29.—While paddling in an improvised skiff across a small pond used to water stock, Clare Zimmerman, 11 years old, was drowned here. His skiff upset and the child, unable to swim, sank in deep water.

Cancel Italians' Policies.

Chicago, May 29.—Because of numerous losses by explosions, generally attributed to the "black hand," many insurance companies are canceling policies in Italian centers here and refusing further risks.

Hail Killed an Oklahoman.

Blackwell, Ok., May 29.—One man was killed and thousands of dollars' worth of crops and buildings destroyed by a hail and wind storm which swept the country north of here. At Newkirk Perry Mosby was struck on the head by a hailstone as large as a baseball and killed.

REVOLT IN CUBA IS WAR OF RACES

Has Gone Entirely Beyond Control of Island Authorities.

GUANTANAMO A PERMANENT CAMP

Likely to be Made a Fortified Naval Base by U. S.—Timely Arrival of Prairie Saved Station From Capture by Rebels.

Washington, May 29.—Ten thousand negroes, three thousand of them under arms, are swarming over the eastern end of Cuba, tearing up railroads, burning plantations and threatening to massacre the white inhabitants. The alarming spread and menacing character of the insurrection, which is now a war of the races, is described in despatches received by the state department. Only the timely arrival of the transport *Prairie* bearing 1,000 marines, saved the United States naval station at Guantanamo from capture and destruction by the rebels.

Against this force of 10,000 negroes, now freed from restraint and threatening war against the United States, is an untrained Cuban force of 4,000 ill-armed men, whose inactivity is the source of bitter criticism by the department of the state.

Will Make Camp Permanent.

It is the intention of the United States to establish a camp of 2,400 marines at Guantanamo and to operate against the insurrection in Guantanamo province from there, and maintain the camp permanently. The demonstrated inability of the island government to maintain peace and to prevent the intrusion of foreign nations is now being seized upon by this government to make Guantanamo a fortified naval base.

The state department issued a bulletin announcing that Estenoz, the rebel leader, has declared that if the government does not accede to the demand of those in revolt for the repeal of the Morua law, he and the other leaders will demand contributions from the railroads and the owners of all estates and that the property of such managers as do not comply will be destroyed.

Property Being Destroyed.

Such destruction is now in progress throughout the island. The rebels forcibly collected \$1,000 from the managers of the San Mangil Sugar Mills and stole \$5,000 from a Spanish company at El Caney and burned \$80,000 worth of sugar cane on the property surrounding the Spanzra mill, also owned by Spanish citizens.

The navy department has issued what might truthfully be termed its first war bulletin. In it they describe the movement and great speed of 16 ships now hurrying to the scene of action.

The gunboat *Nashville* has arrived at Nipe bay on the northeast coast of Cuba, where the insurgents are particularly active.

At noon the collier *Mars* hurried out of Hampton Roads for Key West and will be followed by the supply ship *Culgoa*. The collier *Caesar* is now loading and will get away on Friday. The *Cyclops* will go on June 4.

The department of state estimates the amount of American capital in peril, in the eastern district of Cuba as more than \$100,000,000.

FIGHT TO KEEP COLUMBIA DRY

Because of State University, Struggle is Strenuous—Decision Depends on Negro Vote.

Columbia, Mo., May 29.—The fight of the prohibition forces to keep Columbia dry is becoming statewide. Many of the papers over the state have taken up the matter insisting that it is a subject in which the entire state is interested. Almost without exception, these papers point out it would be a severe blow to the university should the people of the town vote for saloons, which would be open to student patronage.

Both sides are claiming victory in the election to be held Tuesday, June 4. The decision really rests, it is believed here, with the negro vote. The negro voting population is close to five hundred and the drys to win, it is said must get a large per cent of this vote.

Walter Fretyag and J. M. Decker of Graham, were city visitors Wednesday.

THREE SPEED TRANSMISSION

The only way to appreciate the difference between a three speed car and a two speed car is to test them in sand, or mud. It is like one man said: "I drove a two speed car ten miles in sand and the next day my leg was so sore I had to walk on crutches. No push ahead speeds for me." If you want a real automobile get a three speed transmission.

WIND STORMS

KILLED NINE

Seven Dead at Skiatook, Ok., and Two at Newkirk.

WRECKED OIL FIELD DERRICKS

Many Were Injured at Both Places—Tulsa Taking Care of Refugees—Cut a Path 200 Yards Wide.

Tulsa, Ok., May 29.—A tornado that swept down Hoving valley and through the south side of Skiatook, 20 miles north of Tulsa, about 9 o'clock, left a trail of death and destruction. Seven deaths have been reported and at least three persons were injured fatally and a score less severely.

The dead: J. Olson, wife and three children; Mrs. Dalton and the 12-year-old son of George Mayhew.

Fatally injured: Three children of George Mayhew.

Others injured: George Mayhew, wife and two children; Byers family of five; C. H. Johnson; two children of J. Olson and C. C. Adkins.

The storm cut a path 200 yards wide and five miles long. It was a regulation twister and came from the northeast carrying farm buildings and trees before it. The killed and injured were caught while attempting to escape.

The tornado passed through the Skiatook oil fields, leveling derricks and lease buildings before it. Skiatook had warning of its approach and most of the residents sought safety in storm cellars.

Tulsa has extended relief and the injured will be brought here. The property loss may reach \$200,000.

Caused Dust at Guthrie.

Guthrie, Ok., May 29.—The atmosphere during the afternoon and night has been so filled with dust that it is impossible to see but a short distance. The same condition is reported from Enid and other towns throughout northern Oklahoma. It is believed the tornado at Skiatook caused the phenomena. Many are alarmed and remain in close proximity to shelter caves.

Two Killed Near Newkirk.

Newkirk, Ok., May 29.—Two persons were killed and much property damaged by a terrific wind and hail storm which swept through this section of Oklahoma. All wires were blown down and communication was not established with the outside world until next afternoon. The dead are: H. Nesbitt of Newkirk and Jackson Roberts of Wanette, four miles north-west of Blackwell.

Nesbitt, who was 70 years old, was struck on the head by a large hailstone and killed. Roberts was a farm laborer. He sought refuge in a barn, which was blown down, Roberts being crushed by falling timbers.

LORIMER RETURNS TO CAPITAL

Denies Report Regarding Sherman's Mission—Don't Know When His Case Will Come Up.

Chicago, May 29.—Senator Lorimer has returned to Washington.

At the station he was asked about the report that Vice-President Sherman's mission here last Saturday was to tell him that it was hopeless for him to attempt to retain his seat in the senate.

"I do not recognize the truth of that report," was the senator's reply to all questions. He said he did not know when his case would come up and denied that he had been away from Washington because his case was coming up before the senate. He said he had been ill, but was recovering sufficiently to stand a trip to Washington.

Mass Meeting of Millers.

Kansas City, Mo., May 29.—The tenth annual mass meeting of millers, held under the auspices of the Millers' National Federation, opened today in the Coates House with Andrew J. Hunt of Wichita, president of the federation, in the chair. The chief matters for discussion are cost-finding and cost-distribution. The millers of various sections will hold conferences and many other subjects will be discussed. The annual trade dinner will be given tomorrow night, and after the adjournment the millers, several hundred in number, will make a trip through the wheat fields of Kansas.

Killed in Derailed Car.

Springfield, Mo., May 29.—Frank Brunk, believed to live in Kansas City, was killed in a cattle car which was derailed near Jerome Mo. His body was found when the railroad men started unloading the car. His body had been crushed by the cargo. The remains were taken in charge by Coroner Smith of Rolla, Mo., who found a card addressed to Frank Brunk, Springfield, Mo. The card was signed, "Sister Ette."

Kansas Mayor Accused.

Emporia, Kan., May 29.—Sensational charges are made against Mayor Frank Muech of Hartford in a state warrant issued here. He has resigned. In a divorce suit brought by Mrs. Musch in the district court Mrs. Lizzie Little is named co-respondent.

Start Saunders of Skidmore, was in the city Wednesday.

KEEP THE EARTH HABITABLE

Importance of the Worm in the Economy of Nature Was First Revealed by Darwin.

The discovery of a new species of earthworm may awake but a languid interest in the layman's mind, yet those minute studies of the humble works of nature that result in bringing to light previously unrecognized inhabitants of the soil really possess a very high degree of interest, since they often indicate unsuspected processes whereby the earth is kept in a condition to be the home and nourisher of man.

Darwin surprised the general reading public by his revelations of the indispensable role played by the humble earthworm in cultivating the soil. He showed how the strength of a pigmy was changed into that of a giant by the virtue of numbers and of industry, so that the richest soil was turned over and over again by the labors of earthworms and thus kept in a fertile condition.

When, however, Darwin discovered the importance of the work done by worms, he was not aware of the existence of more than eight or ten species in Great Britain. Now, owing to the labors of students who have devoted their time to the study of earthworms in that country, at least twenty different species are known, and a vast amount of interesting information has been gathered concerning their character and habits.

It might be thought that there is not much difference among worms, but, as a matter of fact, there is far more difference than exists among many more pretentious forms of animal life. Short worms and long worms; worms that climb trees, and others that never leave the ground; worms whose color is green, brown, rose red and iridescent, and some that are described by the enthusiastic and admiring naturalists as "neat and pretty," figure among the various species that have been classified.—Harper's Weekly.

KEEP OLD CUSTOM AT ETON

Distribution of Small Coins to the Scholars Was First Begun 400 Years Ago.

Eton has celebrated "threepenny day," when a new threepenny piece is presented to each of the pupils. The custom was founded nearly 400 years ago by Roger Lupton, who was provost of the college from 1502 to 1535. Lupton arranged with the fellows for an annual distribution of money on the anniversary of his death. The provost received 2s 8d, the fellows, headmaster and Lupton's chaplain, 1s 4d, the other chaplains and usher, 8d, and the scholars and choristers, 1d each.

The scholars still get this penny in the threepenny pieces distributed to them on February 27, the other twopence being from the gift of Provost Bost. Lupton's predecessor as provost. There was a tradition at Eton which has been disproved, but which subsists to the present day, that half a sheep is what the college is really entitled to, and that the college evade their obligation by giving the value of half a sheep in the Middle Ages. Some time in the middle of the last century a boy named Charles Henry Bramwell, on being tendered his threepenny by Bethell, one of the fellows, said: "No, thank you, sir; I want my half sheep."

"Bethell flew into an awful rage," says the late Montagu Williams, who tells the story, "and exclaimed: 'I'll mention this matter to Dr. Hawtreay and have you flogged,' and flogged the unfortunate youth was."

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your drug-gift will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Special Agent. Koch Pharmacy.

TO COME ON SPECIAL

COMMERCE CLUB WILL TAKE IN RURAL LIFE CONFERENCE.

URGE MEMBERS TO ATTEND

Much Interest Manifested by St. Joseph Business Men in Movement and Large Number Will Come

It is probable that a large number from St. Joseph will attend the Rural Community Life Conference to be held in Maryville on next Wednesday. The Commerce Club of that city is to take up the matter of chartering a special train to Maryville on that day. The following is from the St. Joseph News-Press:

The Commerce Club is considering a proposition to send a special train from St. Joseph to Maryville June 5, when the Rural Community Conference will be held there. A letter from President H. K. Taylor of the Northwest State Normal School, urging that St. Joseph be largely represented at the meeting has been received.

The program promises to be unusually interesting. In the evening Governor Hadley will be the principal speaker. Dr. Daniel Morton of St. Joseph, will be one of the speakers at the conference, which is to open at 9:30 a. m. His subject will be "Rural Hygiene." He will be followed by Dr. Vilas Martin of the faculty of the Normal. Doctor Martin also will lead in a discussion of Doctor Morton's address.

Other features in connection with the conference meeting will be addresses on the following subjects: "Rural Social Centers," "The Country Home and Its Surroundings," "Rural School Consolidation," "Our Good Black Dirt and What to Do With It," "Good Roads in Northwest Missouri and How to Make Them." In case a delegation goes from St. Joseph it is probable that other St. Joseph speakers will figure on the program. C. D. Morris of St. Joseph, is to talk on good roads.

The present intention is to run a special train to Maryville in the morning and return after Governor Hadley's address at night. The question will be taken up by the club.

"I believe St. Joseph should be well represented at this meeting," said a member of the Commerce Club. "It seems to me that the conference is going to be one of the most important of its kind held in this part of the state. The Commerce Club is now interested in sociological work, and particularly from the rural standpoint, and I believe the club as a whole should do everything in its power to help make the conference a success. I am confident that enough persons to warrant the chartering of a special train will be willing to go from here."

TEACHERS EXAMINATION.

To Be Held in Business College on Friday and Saturday, June 7 and 8. County Superintendent Oakerson announced Wednesday that a teacher's examination would be held in Maryville business college on Friday and Saturday, June 7 and 8.

Order of the subjects will be as follows: Friday, June 7—Geography, language, algebra, spelling, grammar, arithmetic, literature, reading.

Saturday, June 8—Civil government, United States history, agriculture, advanced science, physiology, pedagogy, advanced history.

Kicked by a Horse.

Pearl Hall, the twelve-year-old son of Matt Hall, who lives near Graham, was kicked by a horse Sunday afternoon on the Charles Critchfield farm, near Parker, which is southeast of Graham. Young Hall was badly hurt, the horse kicking him in the breast. J. A. Kavanaugh of Graham took the little boy home in his machine.

Back From Iowa.

Prof. J. E. Cameron of the State Normal faculty returned Tuesday night from Iowa City, Iowa, where he went a week ago with Mrs. Cameron on a visit to her brother. Mrs. Cameron and little daughter will remain for a longer visit.

ANOTHER DIX BOY ARRESTED.

Alfred Dix Picked Up By Bert Mack Last Night for Being Drunk.

Another Dix boy was arrested Tuesday night by Bert Mack on a charge of being drunk. He is the fourth Dix boy that has been arrested, his other three brothers being in the penitentiary and the county jail here. John Dix his brother, was just recently taken to the penitentiary at Jefferson City, having broken his parole. He will serve two years there. Another brother, Elmer Dix, was taken to the penitentiary in February, being convicted of breaking into the depot at Burlington Junction. He was also sent for two years. The third brother Ira Dix, is now in the county jail for a six months term, being sent up in February.

The Dix Boys are from Burlington Junction, where their mother is living. There is another boy, Roland Dix, who it is said, is supporting his mother and is a good boy.

Alfred Dix was up before Mayor Robey Wednesday and was fined \$5 and costs, amounting in all to \$9.50. He paid \$9.10 and promised to send the 40 cents to Mayor Robey. Young Dix then left for his home at Burlington Junction.

A NEW INDUSTRY FOR STATE.

Growing Willows for Basket Making May Prove Highly Profitable.

In co-operation with the United States Forestry Service the Forestry Department of the Agricultural College has started an experiment to determine the species of basket willow best suited to the climate of Missouri. The state has a large area of land lying along its rivers which is subject to annual overflow and is, therefore, not suited for ordinary crops, but which would be admirably adapted to growing the basket willow.

An acre of suitable land will produce from 1,000 pounds to 1,300 pounds of willow whips each year. They have an average value of five to seven cents a pound. The demand for willow rods of high grade, for the manufacture of baskets and willow furniture is constantly increasing. At present the United States imports over 1,000,000 pounds annually. It is believed that there is a large future for the industry in Missouri.

After determining the proper species for the state, the Agricultural College will endeavor to foster the industry by the distribution of cuttings.

Given New Trial.

Because it was not alleged in the petition that Cyrus C. Armstrong's death did not result from injuries he received on a street car, the case brought by John A. Showen, his executor, must be tried again says the Kansas City court of appeals. Dr. Armstrong was a Stanberry minister and was attending a synod meeting at Kansas City at the time of the accident, October 16, 1907. He died August 25, 1909, and the suit he had against the Metropolitan at Kansas City, was revised by his administrator. The technical error, and the fact that the testimony of Armstrong at the first trial was read to the jury, instead of being given by the court stenographer from the shorthand notes, make a new trial necessary.

To Attend Funeral.

C. Cummins and his daughter, Mrs. T. W. Costello and Miss Nell Lynch, went to Ford City Wednesday where they will attend the funeral service of Miss Grace McKinley on Tuesday morning. Miss McKinley was a niece of Mr. Cummins. She was 17 years of age. Her death occurred Sunday night at a town in Michigan where she was attending school. She was a sister of Mrs. J. B. O'Malley, the daughter-in-law of Mrs. Mary O'Malley, formerly of Maryville, now of Albany.

Visited in Wilcox.

Mr. and Mrs. D. D. Cain of Los Angeles, Calif., spent Tuesday in Wilcox with Mr. Cain's mother, Mrs. M. C. Cain. They were on their return from a Railway Convention held in Buffalo, N. Y. and while in the east, they visited all the leading cities. Mr. Cain was sent as a delegate to the Southern Pacific railway, with headquarters at Los Angeles.

Bolin Has the Contract.

Frank Bolin has the contract for a modern improved residence that James C. Pistole of Hopkins will build at that place this summer.

On Visit to Parents.

Mrs. J. F. Hull and son, Ray and daughter, Katherine, went to Grant City Wednesday for a visit with her parents.

BIG STAR FEATURE

CHICAGO OPERATIC COMPANY A HEADLINER AT CHAUTAUQUA

TROUBADOURS TWO DAYS

Musical Features Are Especially Excellent and Will Include in Addition a Pipe Band and Quartet.

Although the local Chautauqua programs of former years have presented some excellent musical features, that part of the 1912 program of the Maryville Chautauqua to be held August 10 to 18, will surpass all past performances. In fact the entire program will be one of the strongest presented this year in the middle west. Probably the one bright star performance will be the programs of the Chicago Operatic company. This company's personnel is: Arthur Middleton, basso, who is the leading basso in the oratorio, concerto and grand opera throughout the country; Mr. John B. Miller, for the past five years one of the leading American tenors; Fredericka Downing, a young contralto of beautiful and charming personality, whose voice has been especially trained for operatic singing in some of our leading schools; Leonora Antoinette Allen has a very high and pure soprano voice which thrills the listener by reason of its sympathetic quality. Edgar A. Nelson, pianist has made a great name for himself in operatic and concert programs before chautauqua audiences. The company, as a whole, is without a doubt, the best of its kind in the United States. They will give 2 programs on August 12 and 13.

Another very excellent and unique feature will be the Forbes' Juvenile Pipe Band. This is one of the greatest musical novelties on the chautauqua platform today. The boys comprising the band have been taught the art of Scotch bag-pipe playing by Mr. Donald Forbes until they have attained a state of perfection seldom equaled by juveniles of their age. This organization will be here on Saturday August 17.

On Wednesday and Thursday, August 14 and 15, the management will present Byron's Troubadours, a company of glee singers and instrumentalists. This feature has been very highly recommended to Manager P. O. Landon and they will doubtless come up to the standard.

No chautauqua program is complete without at least one good male quartet. Manager Landon has secured the Mendelssohn Quartet for the closing day, Sunday, August 18. These men are artists on stringed instruments as well as master vocalists.

Prof. Lawler's Concert Band will give programs at various times during the assembly. No comment is necessary concerning this organization as their excellent work has been a source of enjoyment to the people of the community.

The program has not been entirely completed as yet and it is probable that at least one more good feature will be added later.

Here From Oklahoma City.

Miss Helen Trueblood of Oklahoma City, Okla., arrived Wednesday noon to visit her grandparents, Mr. and Mrs. W. H. Trueblood and her uncle and aunt, Mr. and Mrs. S. G. Gillam. Miss Trueblood was accompanied as far as Kansas City by Miss Stella Q. Smith of Maryville who is on her way home from school work in Oklahoma City. She stopped in Kansas City for a visit with relatives. Miss Trueblood is the daughter of Mr. and Mrs. Elmer Trueblood. Mr. Trueblood will come to Maryville about June 10 for his annual visit with home folks and to accompany his daughter home.

Moving to Warrensburg.

Mr. and Mrs. George Richardson and son and daughter, who have been residents of Maryville the past two years, left Wednesday morning for Warrensburg, Mo., to make their home there. Their daughter, Miss Tully Richardson, is a graduate of the Northwest Normal, and has been a successful teacher the past year.

Will Meet Brother From California.

Mrs. Harley Teaford went to Savannah Wednesday evening to visit her parents, Mr. and Mrs. N. F. Auble. Her brother, George Auble, who has been in California for two years, will come home for a visit while she is there.

Mr. and Mrs. Herman Lager of Clyde, announce the birth of a daughter, May 23rd.

GOV. WILSON GOT 24

NEW JERSEY EXECUTIVE WON HIS HOME STATE IN PRIMARY

TEDDY BEAT HIM 40 TO 1

One Town Where Taft Spoke Buried Him in Avalanche of Votes—Roosevelt Won Entire Delegation of 28.

Gov. Woodrow Wilson carried his home state, New Jersey, in the primary held there on Tuesday, and secured 24 of the 28 delegates to the Democratic national convention at Baltimore. Four of the delegates are uninstructed and are from the Essex district where a number of Wilson's enemies lived.

Theodore Roosevelt secured the entire delegation of 28 over President Taft. It was one of the most sweeping victories Roosevelt has won in the primaries since the campaign started. Roosevelt carried the state by 15,000 plurality. Taft was badly defeated in several of the districts, for example in one factory town where he spoke last week, Roosevelt beat him by a vote of 40 to 1.

The Wilson plurality was also close to 15,000. The last one of the primaries is to be held in South Dakota.

COMING FOR THE CONFERENCE.

Assistant State Highway Engineer of Iowa Will Attend Meeting at Normal Next Wednesday.

While President H. K. Taylor was at Des Moines, Ia., Tuesday securing data and information in regard to oil roads, which the Normal is to use, he secured a promise from the Assistant State Highway Engineer of Iowa, Mr. McCullough, that he would attend the Rural Community Life Conference to be held at the Normal on next Wednesday.

TO CELEBRATE ANNIVERSARY.

Woodmen of World Have Set Sunday, June 9, as the Day—To Hold Exercises.

The Woodmen of the World will celebrate the anniversary of the order on Sunday, June 9. The arrangements for the day are not as yet completed. As there were no deaths in the order the past year, the lodge will not unveil monuments.

Misses Edith and Leatha Patterson of seven miles northwest of the city enrolled Tuesday to attend the Normal school. They will make their home with their grandparents, Mr. and Mrs. Wm. McComb on North Main street. Miss Edith Patterson has been the teacher of Lone Tree school, and Miss Leatha, the teacher of Guthrie school.

Mrs. S. S. Skinner left Wednesday to visit her sister, Mrs. J. E. Daniel of Kansas City. She will also visit Mr. Skinner's aged father, B. A. Skinner, who lives with his daughter, Mrs. Robert Fulton at Independence, Mo.

Rev. Mother John, Sister Josephine and Sister Euphemia of St. Benedictine convent of Clyde were in Maryville on business Wednesday. They were accompanied by Rev. Mother John's niece, Hortense Wirth.

Mrs. T. F. Payne and her two little girls of Parnell, were in Maryville Tuesday morning on their way home from a few days' visit in Hopkins with her parents, Mr. and Mrs. George Chamness.

Mr. and Mrs. John Vert and Rev. and Mrs. B. F. Myers went to Wilcox Wednesday morning for a visit with Mr. Guthrie and family. Rev. and Mrs. Myers are visiting Mrs. Myers' parents, Mr. and Mrs. S. R. Lucas.

Miss Margaret Lauber of St. Joseph, arrived Tuesday to attend the State Normal. She will make her home with Mrs. Anthony Bleuel while in the city.

Mrs. G. L. Yapple of Burlington Junction was in Maryville Wednesday on her way to Hopkins to visit Mr. and Mrs. L. L. Houston until Friday.

Mr. and Mrs. R. E. Snodgrass and son, Howard, went to Hopkins Wednesday to attend the Decoration day services there.

Mrs. Ephraim Goforth of Barnard was in the city Wednesday on business.

The out-of-town guests were Miss Nelle Wray of Maryville and Miss Neva Wallace of Clearmont. Progressive hearts were played before the "shower," Mrs. E. F. Allen making the highest score. The consolation prize went to Mrs. R. D. Coker.

Misses Jean and Joe Wilson and Miss Ruth Hall of Mound City, who attended the summer term of the State Normal last year, are here again for the summer school, the guests of Mr. and Mrs. G. A. VanSteenbergh, with whom they stayed last year.

Miss Thillie Schmauder of Burlington Junction was in Maryville Tuesday evening, returning home from a visit in Creston.

FIELD-LIPPMAN PIANO STORES

Field-Lippman service offers you a good Piano at \$175 and a good Player-Piano for \$365—both guaranteed for ten years. This is a complete Piano Store. We buy for nine houses and for cash, which enables us to offer the best instruments made at every price. Our large capital permits us to extend most liberal terms to all responsible people. Any one can buy a Piano or Player-Piano here. Come in today. Deprive your family no longer of that promised piano.

How About Your Children?

Are they enjoying the advantages you did?

Are they receiving music lessons?

Have they a Piano?

Are you—average man or average woman—ready to make the sacrifice for them that your mother and father did for you—will you let them go through life with their musical longings unsatisfied because of your carelessness?

You can earn their gratitude everlasting, and make your own life brighter and better—you can fill your home with sunshine, and add to all this the intense satisfaction of a duty performed.

It is not hard.

You are not obliged to beggar yourself.

Not necessary to mortgage your home.

A piano can be bought on terms so easy that you will hardly notice it—and that piano may develop a genius—for every age produces its great artists and masters, and who can tell from whence they will come?

It might be your girl or your boy. Give your children their chance. Again—there are a thousand other reasons why you should install a piano in your home.

There's the social side of it—all young people like to entertain their friends—you entertained yours at your father's home. Let your children have a piano to entertain theirs at your home—entertainment which is at once the source of innocent amusement and education. Can there be imagined a sweeter and prettier sight than a number of young people gathered about the piano, their fresh voices mingling with the rich, colorful music of the accompaniment.

Does this picture appeal to you? Does it carry you back to your youthful days? Have you never had dreams that some day you too, would have a piano in your home? That your boy and girl would have advantages equal to any others?

We can make your dreams come true—we can bring about a realization of the picture. We can and will put a piano in your home no matter how small your income.

Only House That Guarantees Player-Pianos Ten Years

The superior durability of the Modern Player has been shown again and again. Since November 15, 1911, we have guaranteed our Players for ten years. No other house has met this guarantee. Is this not significant? Does it not prove our claims of better material and workmanship in the Players we sell?

The average dealer says nothing about a guarantee on Players. Or only mentions it in a general way. They all dodge the guarantee question for some reason.

Now, if they will not guarantee their Player-Pianos—if they lack the confidence to do it—where do you come in when you buy one of their instruments?

Don't take any chances. If there are any, let the dealer take them. We are dead willing to take all the chances on every Player-Piano we sell—on the one we sell you. Think it over. Compare what they offer with what we give.

Anybody can afford our terms—a small amount cash and a few dollars monthly. If you have an old Piano or Organ we will make you a liberal allowance for it. We send out Pianos or Player-Pianos on approval. Free stool, bench and scarf, twenty-five rolls of music free with each Player-Piano and a year's free membership in our big music roll library. Call today. You will enjoy your visit. So will we.

Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of Memorial Day requires the right kind of flowers, such flowers as we have in profusion, loose or in appropriate Memorial Designs, etc. Each year we offer a better quality of flowers and our Memorial Day flowers are no exception. Our prices are very reasonable. Mail and phone orders receive prompt attention.

STANDARD OIL NOT DISSOLVED?

Said to Have Ignored Supreme Courts' Decree in Missouri.

JUDICIAL INQUIRY IS BEGUN

Direct Outcome of Attempt to Control Waters-Pierce Co.—Still Holds Daily Meetings at 26 Broadway.

New York, May 29.—Whether the Standard Oil company has complied with the supreme court's decree of dissolution, or whether it has even made a sincere effort to do so probably will be revealed within the course of a week through a judicial inquiry now on here.

The inquiry is due directly to the efforts of John D. Rockefeller and the old Standard Oil crowd to retain control of the Waters-Pierce Oil company of Missouri. The United States supreme court's decree ordered that this concern should be completely segregated from the parent company.

Standard Proxies Refused.
 At the annual election of directors of the Waters-Pierce company in St. Louis last February Robert W. Stewart of Chicago, president of the Standard Oil company, of Indiana, George W. Mayer of Kansas City, formerly manager of the Standard Oil company of Indiana, and Charles M. Adams, formerly secretary-treasurer of the Waters-Pierce company, appeared with proxies for 2,058 shares held by John D. Rockefeller and associate interests, but were not allowed to vote them by the tellers selected by H. Clay Pierce, president of the company. The Rockefeller crowd obtained from the circuit court of Missouri a mandamus to compel the counting of the votes of the would-be Rockefeller directors.

Force Rockefeller to Tell.
 In opposing this order of the Missouri court, Pierce and his associates resolved to test to the limit, the meaning and power of the supreme court's decision to dissolve the oil trust. The Missouri court appointed Abraham L. Jacobs special commissioner to take testimony in New York. It is before him that the hearing is on.

Samuel Untermyer, counsel for H. Clay Pierce, has subpoenaed all of the dominant factors in the Standard Oil company of New Jersey, the old holding company of the trust, to appear as witnesses. He will force John D. Rockefeller on the stand within a few days.

Daily meetings of the Standard Oil board are held at 26 Broadway, just as was done before the trust was ordered dissolved by the supreme court, according to Secretary White. With the exception of E. C. Bedford, the men are the same who met daily before the dissolution decree.

PROPOSE TO STOP PRIZE FIGHTS

Springfield Churchmen Hire Attorney to Help State Keep Lid on Alleged Boxing Matches.

Springfield, Mo., May 29.—As a result of the serious condition of Tommy Florida, a fighter, who, sustained concussion of the brain in a boxing match staged by the Queen City Athletic club here several days ago, lay members of the Springfield churches have retained attorneys, who will aid the attorney general of the state in probing the athletic clubs of this city with a view of putting a stop to future alleged prize fights.

E. P. Mann of the law firm of Mann, Johnson & Todd, will represent the church organization and start proceedings at once which it is believed will result in the stopping of boxing matches in the state. Petitions sent Gov. Hadley ask that a ban be put on bouts. The next match scheduled here is a ten-round affair for Decoration day. The club management says to stop the match will mean placing a ban on the game over the entire state.

South Dakota Merchants Meet.

Watertown, S. D., May 29.—The city is full of retail merchants and hardware dealers from all over the state gathered here for the annual meeting of their association. Many questions of importance to the members will be discussed by good speakers at the sessions, which began today. In addition, the State Traveling Men's association and the U. T. C. are holding their annual conventions here and have arranged an elaborate list of entertainments and amusements.

Urge Special Session.

San Diego, Cal., May 29.—A special session of the California legislature to enact special statutes against sedition is being agitated here. Attorneys representing Industrial Workers failed to get from District Attorney Utley, a complaint against the chief of police, charging him with complicity in the alleged abduction of W. S. Rawlins.

Delegates to Oyster Bay.

Chicago, May 29.—Illinois delegates instructed for Roosevelt were invited to visit Oyster Bay next Saturday. The object of the meeting, the Roosevelt leaders said, was to discuss plans for concerted action by the Central states' delegates in advancing the candidacy of Col. Roosevelt.

REAR ADMIRAL CONE.

Rear Admiral Hutch I. Cone, under whose direction the government's wireless experiments and work are conducted, is chief of the bureau of steam engineering in the navy department.

ENGINE WENT THROUGH BRIDGE

ACCIDENT NEAR MANHATTAN RESULT OF CARELESSNESS.

Poor Construction and Disregard of State Law Caused Death of Farmer.

Manhattan, Kan., May 29.—Two things, both avoidable, contributed to the death of John Costello at Hunter's Island, near this city. A cheap, poorly constructed, uninspected bridge was the most important thing, and after that came Costello's violation of the state law—ignorantly or in bravado, no one knows which—in trying to take a heavy engine across the bridge without adding extra planking.

The bridge flooring gave way just as the engine had passed over it, and fell backward and landed, 25 feet below, with Costello underneath.

A half dozen men in Kansas have lost their lives exactly as Costello lost his, in the last year or two. "The chief fault, too," said W. S. Gearhart, state highway engineer at the Kansas agricultural college, "lay in the fact that the bridge had not been inspected."

"This bridge was built last year. It is a 100-foot steel span with a long wooden approach at the south end and three benets of wooden approach at the north end. Costello's engine was going south and its front wheels were out on the steel span about five feet when the wooden stringers under the approach sheared off and let the engine drop. The wreck was due to defective construction, but as the failure was due to the shearing of the stringers I believe it might have been avoided if the bridge had been planked or inspected properly."

LIGHTNING WAS FATAL TO TWO

Stock Buyer and Son Sought Shelter From Storm Under Tree at Chillicothe.

Chillicothe, Mo., May 29.—James Evans, a stock buyer of Kansas City, and George Cape, 13 years old, were killed instantly by lightning in the stock yards at Ludlow, south of Chillicothe. Evans and Cape, with the assistance of Frank Cape, father of the boy, and Howard Smith, were loading a car of cattle for the Kansas City market when the storm came up. Evans, Cape and his son sought shelter under a tree which was struck by lightning, killing the two instantly. The bolt struck the elder Cape on the right hip, paralyzing his right side. His right trouser leg was split from the hip down and his shoe was torn from his foot. When neighbors reached the tree the elder Cape was holding his son in his arms.

No Battle Ships This Year.

Washington, May 29.—By a vote of 89 to 125, the house voted down the amendment of Representative Roberts of Massachusetts, appropriating \$5,000,000 in naval bill for two battle ships next year. An amendment by Barthold of Missouri for one battle ship was likewise defeated.

Fort Smith Boy Drowned.

Fort Smith, Ark., May 29.—While paddling in an improvised skiff across a small pond used to water stock, Clare Zimmerman, 11 years old, was drowned here. His skiff upset and the child, unable to swim, sank in deep water.

Cancel Italians' Policies.

Chicago, May 29.—Because of numerous losses by explosions, generally attributed to the "black hand," many insurance companies are canceling policies in Italian centers here and refusing further risks.

Hail Killed an Oklahoman.

Blackwell, Ok., May 29.—One man was killed and thousands of dollars' worth of crops and buildings destroyed by a hail and wind storm which swept the country north of here. At Newkirk Perry Mosby was struck on the head by a hailstone as large as a baseball and killed.

REVOLT IN CUBA IS WAR OF RACES

Has Gone Entirely Beyond Control of Island Authorities.

GUANTANAMO A PERMANENT CAMP

Likely to be Made a Fortified Naval Base by U. S.—Timely Arrival of Prairie Saved Station From Capture by Rebels.

Washington, May 29.—Ten thousand negroes, three thousand of them under arms, are swarming over the eastern end of Cuba, tearing up railroads, burning plantations and threatening to massacre the white inhabitants. The alarming spread and menacing character of the insurrection, which is now a war of the races, is described in despatches received by the state department. Only the timely arrival of the transport *Prairie* bearing 1,000 marines, saved the United States naval station at Guantanamo from capture and destruction by the rebels.

Against this force of 10,000 negroes, now freed from restraint and threatening war against the United States, is an untrained Cuban force of 4,000 ill-armed men, whose inactivity is the source of bitter criticism by the department of the state.

Will Make Camp Permanent.

It is the intention of the United States to establish a camp of 2,400 marines at Guantanamo and to operate against the insurrection in Guantanamo province from there, and maintain the camp permanently.

The demonstrated inability of the island government to maintain peace and to prevent the intrusion of foreign nations is now being seized upon by this government to make Guantanamo a fortified naval base.

The state department issued a bulletin announcing that Estenoz, the rebel leader, has declared that if the government does not accede to the demand of those in revolt for the repeal of the Morua law, he and the other leaders will demand contributions from the railroads and the owners of all estates and that the property of such managers as do not comply will be destroyed.

Property Being Destroyed.

Such destruction is now in progress throughout the island. The rebels forcibly collected \$1,000 from the managers of the San Mangil Sugar Mills and stole \$5,000 from a Spanish company at El Caney and burned \$80,000 worth of sugar cane on the property surrounding the Spanzra mill, also owned by Spanish citizens.

The navy department has issued what might truthfully be termed its first war bulletin. In it they describe the movement and great speed of 16 ships now hurrying to the scene of action.

The gunboat *Nashville* has arrived at Nipe bay on the northeast coast of Cuba, where the insurgents are particularly active.

At noon the collier *Mars* hurried out of Hampton Roads for Key West and will be followed by the supply ship *Culgoa*. The collier *Caesar* is now loading and will get away on Friday. The *Cyclops* will go on June 4.

The department of state estimates the amount of American capital in peril, in the eastern district of Cuba as more than \$100,000,000.

FIGHT TO KEEP COLUMBIA DRY

Because of State University, Struggle is Strenuous—Decision Depends on Negro Vote.

Columbia, Mo., May 29.—The fight of the prohibition forces to keep Columbia dry is becoming statewide. Many of the papers over the state have taken up the matter insisting that it is a subject in which the entire state is interested. Almost without exception, these papers point out it would be a severe blow to the university should the people of the town vote for saloons, which would be open to student patronage.

Both sides are claiming victory in the election to be held Tuesday, June 4. The decision really rests, it is believed here, with the negro vote. The negro voting population is close to five hundred and the drys to win, it is said must get a large per cent of this vote.

Walter Fretyag and J. M. Decker of Graham, were city visitors Wednesday.

THREE SPEED TRANSMISSION

The only way to appreciate the difference between a three speed car and a two speed car is to test them in sand, or mud. It is like one man said: "I drove a two speed car ten miles in sand and the next day my leg was so sore I had to walk on crutches. No push ahead speeds for me." If you want a real automobile get a three speed transmission.

WIND STORMS KILLED NINE

Seven Dead at Skiatook, Ok., and
Two at Newkirk.

WRECKED OIL FIELD DERRICKS

Many Were Injured at Both Places—
Tulsa Taking Care of Refugees
—Cut a Path 200 Yards
Wide.

Tulsa, Ok., May 29.—A tornado that swept down Homing valley and through the south side of Skiatook, 20 miles north of Tulsa, about 9 o'clock, left a trail of death and destruction. Seven deaths have been reported and at least three persons were injured fatally and a score less severely.

The dead: J. Olson, wife and three children; Mrs. Dalton and the 12-year-old son of George Mayhew.

Fatally injured: Three children of George Mayhew.

Others injured: George Mayhew, wife and two children; Byers family of five; C. H. Johnson; two children of J. Olson and C. C. Adkins.

The storm cut a path 200 yards wide and five miles long. It was a regulation twister and came from the northeast carrying farm buildings and trees before it. The killed and injured were caught while attempting to escape.

The tornado passed through the Skiatook oil fields, leveling derricks and lease buildings before it. Skiatook had warning of its approach and most of the residents sought safety in storm cellars.

Tulsa has extended relief and the injured will be brought here. The property loss may reach \$200,000.

Caused Dust at Guthrie.

Guthrie, Ok., May 29.—The atmosphere during the afternoon and night has been so filled with dust that it is impossible to see but a short distance. The same condition is reported from Enid and other towns throughout northern Oklahoma. It is believed the tornado at Skiatook caused the phenomena. Many are alarmed and remain in close proximity to shelter caves.

Two Killed Near Newkirk.

Newkirk, Ok., May 29.—Two persons were killed and much property damaged by a terrific wind and hail storm which swept through this section of Oklahoma. All wires were blown down and communication was not established with the outside world until next afternoon. The dead are: H. Nesbitt of Newkirk and Jackson Roberts of Wanette, four miles north-east of Blackwell.

Nesbitt, who was 70 years old, was struck on the head by a large hailstone and killed. Roberts was a farm laborer. He sought refuge in a barn, which was blown down, Roberts being crushed by falling timbers.

LORIMER RETURNS TO CAPITAL

Denies Report Regarding Sherman's Mission—Don't Know When His Case Will Come Up.

Chicago, May 29.—Senator Lorimer has returned to Washington.

At the station he was asked about the report that Vice-President Sherman's mission here last Saturday was to tell him that it was hopeless for him to attempt to retain his seat in the senate.

"I do not recognize the truth of that report," was the senator's reply to all questions. He said he did not know when his case would come up and denied that he had been away from Washington because his case was coming up before the senate. He said he had been ill, but was recovering sufficiently to stand a trip to Washington.

Mass Meeting of Millers.

Kansas City, Mo., May 29.—The tenth annual mass meeting of millers, held under the auspices of the Millers' National Federation, opened today in the Coates House with Andrew J. Lunt of Wichita, president of the federation, in the chair. The chief matters for discussion are cost-finding and cost-distribution. The millers of various sections will hold conferences and many other subjects will be discussed. The annual trade dinner will be given tomorrow night, and after the adjournment the millers, several hundred in number, will make a trip through the wheat fields of Kansas.

Killed in Derailed Car.

Springfield, Mo., May 29.—Frank Brunk, believed to live in Kansas City, was killed in a cattle car which was derailed near Jerome Mo. His body was found when the railroad men started unloading the car. His body had been crushed by the cargo. The remains were taken in charge by Coroner Smith of Rolla, Mo., who found a card addressed to Frank Brunk, Springfield, Mo. The card was signed, "Sister Ette."

Kansas Mayor Accused.

Emporia, Kan., May 29.—Sensational charges are made against Mayor Frank Mosch of Hartford in a state warrant issued here. He has resigned. In a divorce suit brought by Mrs. Musch in the district court Mrs. Lizzie Little is named co-respondent.

KEEP THE EARTH HABITABLE

Importance of the Worm in the Economy of Nature Was First Revealed by Darwin.

The discovery of a new species of earthworm may awake but a languid interest in the layman's mind, yet those minute studies of the humble works of nature that result in bringing to light previously unrecognized inhabitants of the soil really possess a very high degree of interest, since they often indicate unsuspected processes whereby the earth is kept in a condition to be the home and nourisher of man.

Darwin surprised the general reading public by his revelations of the indispensable role played by the humble earthworm in cultivating the soil. He showed how the strength of a pigmy was changed into that of a giant by the virtue of numbers and of industry, so that the richest soil was turned over and over again by the labors of earthworms and thus kept in a fertile condition.

When, however, Darwin discovered the importance of the work done by worms, he was not aware of the existence of more than eight or ten species in Great Britain. Now, owing to the labors of students who have devoted their time to the study of earthworms in that country, at least twenty different species are known, and a vast amount of interesting information has been gathered concerning their character and habits.

It might be thought that there is not much difference among worms, but, as a matter of fact, there is far more difference than exists among many more pretentious forms of animal life. Short worms and long worms; worms that climb trees, and others that never leave the ground; worms whose color is green, brown, rose red and iridescent, and some that are described by the enthusiastic and admiring naturalists as "neat and pretty," figure among the various species that have been classified.—Harper's Weekly.

KEEP OLD CUSTOM AT ETON

Distribution of Small Coins to the Scholars Was First Begun 400 Years Ago.

Eton has celebrated "threepenny day," when a new threepenny piece is presented to each of the pupils. The custom was founded nearly 400 years ago by Roger Lupton, who was provost of the college from 1502 to 1535. Lupton arranged with the fellows for an annual distribution of money on the anniversary of his death. The provost received 2s 8d, the fellows, headmaster and Lupton's chaplain, 1s 4d, the other chaplains and usher, 8d, and the scholars and choristers, 1d each.

The scholars still get this penny in the threepenny pieces distributed to them on February 27, the other two-pence being from the gift of Provost Bost, Lupton's predecessor as provost. There was a tradition at Eton which has been disproved, but which subsists to the present day, that half a sheep is what the college is really entitled to, and that the college evades their obligation by giving the value of half a sheep in the Middle Ages. Some time in the middle of the last century a boy named Charles Henry Bramwell, on being tendered his threepenny by Bethell, one of the fellows, said: "No, thank you, sir; I want my half sheep."

"Bethell flew into an awful rage," says the late Montagu Williams, who tells the story, "and exclaimed: 'I'll mention this matter to Dr. Hawtrey and have you flogged,' and flogged the unfortunate youth was."

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Special Agent, Koch Pharmacy.
